

# Network TouchScreen Thermostats

The TouchScreen series of thermostats have been designed to make life a little easier. The intuitive touchscreen displays make searching for the user manual a thing of the past. The network versions allow central control within your home and remote control from anywhere in the world.

## heatmiser DT-NTS

The DT-NTS is our low voltage, non programmable digital room thermostat, ideal for conventional or combi boiler systems with an existing timeclock.

- Blue Backlit TouchScreen
- 05-35°C Temperature Range
- Key lock Facility
- 12v DC, 3A

## heatmiser DT-ENTS

The DT-ENTS is our low voltage, non programmable digital room thermostat designed specifically for electric floor heating. This model offers 5 temperature sensing modes (Software Selectable).

- Blue Backlit TouchScreen
- 05-35°C Temperature Range
- Key lock Facility
- 12v DC, 3A
- 5 Sensing Modes - Perfect for Electric Floor Heating

- Mode 1: Built in Air Sensor
- Mode 2: Remote Air Sensor
- Mode 3: Floor Sensor Only
- Mode 4: Floor & Built In Air Sensor
- Mode 5: Floor & Remote Air Sensor

3 Meter Remote Probe included.

## heatmiser PRT-ENTS

The PRT-ENTS is our low voltage, programmable digital room thermostat designed specifically for electric floor heating. This model offers 5 temperature sensing modes (Software Selectable).

- Blue Backlit TouchScreen
- 05-35°C Temperature Range
- 5/2 Day or 7 Day Program Mode (User Selectable)
- Key lock Facility
- Temperature Hold Feature
- Holiday Feature
- 12v DC, 3A
- 5 Sensing Modes - Perfect for Electric Floor Heating

- Mode 1: Built in Air Sensor
- Mode 2: Remote Air Sensor
- Mode 3: Floor Sensor Only
- Mode 4: Floor & Built In Air Sensor
- Mode 5: Floor & Remote Air Sensor

3 Meter Remote Probe included.

Available in 3 plastic finishes:

Silver

White

Brass

## heatmiser PRT-NTS

The PRT-NTS is our low voltage, programmable digital room thermostat, ideal for conventional or combi boiler systems.

- Blue Backlit TouchScreen
- 05-35°C Temperature Range
- 5/2 Day or 7 Day Program Mode (User Selectable)

- Holiday Feature
- 12v DC, 3A

## heatmiser PRT/HW-NTS

The PRT/HW-NTS is our low voltage, 2 channel combined programmable room thermostat and hot water timeclock.

- Blue Backlit TouchScreen
- 05-35°C Temperature Range
- Heating: 5/2 Day or 7 Day Program Mode (User Selectable)
- Hot Water: 5/2 Day or 7 Day Program Mode (User Selectable)
- Key lock Facility
- Temperature Hold Feature
- Holiday Feature
- 12v DC, 3A
