

**Heatmiser MC -TouchPad (Colour TouchScreen)**

Stylus Included

Hw boost facility	Use the HW boost to quickly override the hot water timed settings
Quick View	See at a glance the current thermostat status throughout your building
Auto time sync	Synchronises all of the thermostat clocks on the network
Auto GMT	Automatically corrects the time for Summer / Winter time *
History	View the Hours Run for the past 4 weeks or the temperature graph for the previous 24 hours

**The Heatmiser TouchPad** features a colour touch screen, giving central control of up to 32 low voltage thermostats.

You are able to give each thermostat a name allowing you to easily identify each thermostat on the network.

Remotely program the comfort levels of all network thermostats from one central point and copy program settings from one thermostat to another across the network.

Display:	Colour Touch Screen (58 x 77 mm)
Max Zones:	32 zones
Title:	Give each zone a unique name
Temperature Hold	Use this function to hold a desired temperature for a fixed period. Ideal for unexpected activities.

Master Time-clock	Select which thermostats you want to work from the built in time-clock
Key Lock	Lock each thermostat to prevent unauthorised tampering of the thermostat setting
Password Protect	When enabled, the user must enter a pass code in order to program the network thermostats
°C °F	Choose between 'C and 'F mode*
Frost Setting	Program the frost temperature for each thermostat
Floor limit	Program the floor limit for underfloor heating models
Overall Size	120 x 120 x 19mm

\* Only available when used with our forthcoming thermostat, due for launch July 2006.
